INSTALLED BUILDING PRODUCTS REPORTS RECORD RESULTS FOR THIRD QUARTER 2016

Columbus, Ohio, November 3, 2016 Installed Building Products, Inc. (the “Company” or “IBP”) (NYSE:IBP), an industry-leading installer of insulation and complementary building products, today announced record results for the third quarter ended September 30, 2016.

Third Quarter 2016 Highlights

- Net revenue increased 24.1% to \$225.4 million
- Net income increased 21.8% to \$11.5 million
- Adjusted EBITDA increased 31.6% to \$29.5 million
- Net income per diluted share increased 23.3% to \$0.37
- Adjusted net income per diluted share increased 18.8% to \$0.38
- In July 2016, acquired FireClass, L.L.C., an installer of fireplaces and mantels to the new single-family construction market with one location in Michigan, and trailing-twelve month sales of approximately \$4.0 million
- In August 2016, acquired Southern Insulators & Specialties, LLC, a provider of residential fiberglass and spray foam insulation services with one location in Louisiana, and trailing-twelve month revenues of approximately \$5 million

Recent Developments

- In October 2016, signed a definitive purchase agreement to acquire Alpha Insulation and Waterproofing Company, a provider of waterproofing, insulation, fireproofing, and fire stopping services to commercial contractors with eight locations throughout the southern U.S., and trailing-twelve month revenues of approximately \$89 million. We expect the acquisition to close in the first quarter of 2017.
- In October 2016, acquired East Coast Insulators, a provider of installation service to residential and commercial customers with two locations in Virginia, and trailing-twelve month revenues of approximately \$20 million
- In November 2016, acquired M.G.D. Inc., a provider of garage doors and services to residential and commercial customers with one location in Indiana, and trailing-twelve month revenues of approximately \$1 million

“We continued to generate strong revenue and earnings growth in the third quarter of 2016, and I am extremely pleased with the direction we are headed,” stated Jeff Edwards, Chairman and Chief Executive Officer. “Our differentiated platform and compelling market position allow us to capitalize on a recovering housing market, which continues to show signs of improvement. For the 2016 nine-month period, IBP’s single family same branch sales increased 15.8% compared to growth in total U.S. single family completions of 13.1%. In addition, the year-to-date contribution of \$74.7 million in sales from our acquired branches helped total revenues grow 33.5% to \$629.0 million, while adjusted net income has increased 57.5% to \$29.3 million.”

Mr. Edwards continued, “We expect the recently announced acquisition of the Alpha Insulation and Waterproofing Company will significantly increase our sales to commercial end markets, and expand and

diversify our product mix, while creating a strong platform to grow sales within this end market. So far in 2016, we have completed eight acquisitions. These businesses represent approximately \$74.0 million of trailing-twelve month revenues at the time of acquisition. Additionally, we continue to carefully review additional opportunities in our strong and growing acquisition pipeline. With only two months remaining, 2016 is shaping up to be a fantastic year of revenue and earnings growth, while we create a platform that is positioned to generate long-term shareholder value.”

Third Quarter 2016 Results Overview

For the third quarter of 2016, net revenue was \$225.4 million, an increase of 24.1% from \$181.6 million in the third quarter of 2015. On a same branch basis, net revenue improved 12.2% from the prior year quarter, with approximately 60.0% of the increase attributable to growth in the number of completed jobs, and the remainder achieved through price gains and more favorable customer and product mix. Same branch residential revenue increased 12.1% as compared to a 2.7% increase in total completions.

Gross profit improved 25.9% to \$67.3 million from \$53.4 million in the prior year quarter. Gross margin expanded to 29.8% from 29.4% in the prior year quarter, primarily due to higher revenue and a more profitable mix of business.

Selling and administrative expense, as a percentage of net revenue, was 19.8% compared to 19.9% in the prior year quarter. Higher net revenue in the 2016 third quarter more than offset the higher costs needed to support the company’s growth.

Net income was \$11.5 million, or \$0.37 per diluted share, compared to \$9.5 million, or \$0.30 per diluted share in the prior year quarter. Adjusted net income was \$12.1 million, or \$0.38 per diluted share, compared to \$10.0 million, or \$0.32 per diluted share in the prior year quarter. Adjusted net income adjusts for the impact of non-core items in both periods.

Adjusted EBITDA was \$29.5 million, a 31.6% increase from \$22.4 million in the prior year quarter, largely due to higher gross profit and improved leverage in administrative expenses. Adjusted EBITDA, as a percentage of net revenue, grew 70 basis points to 13.1%, compared to 12.4% in the prior year quarter.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the federal securities laws, including with respect to the closing of our pending acquisition of Alpha Insulation and Waterproofing Company (the “Alpha Acquisition”) and the expected timing, the anticipated funding for the Alpha Acquisition, the impact of the pending Alpha Acquisition on and its contribution to our operations and execution of our growth strategy, impact of the Alpha Acquisition on our earnings and revenue, the demand for our services, expansion of our national footprint, our ability to capitalize on the new home construction recovery, our ability to strengthen our market position, our ability to pursue value-enhancing acquisitions, our ability to improve profitability and expectations for demand for our services for the remainder of 2016. Forward-looking statements may generally be identified by the use of words such as “anticipate,” “believe,” “expect,” “intends,” “plan,” and “will” or, in each case, their negative, or other variations or comparable terminology. These forward-looking statements include all matters that are not historical facts. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Any forward-looking statements that we make herein and in any future reports and statements are not guarantees of future performance, and actual results may differ materially from those expressed in or suggested by such forward-looking statements as a result of various factors, including, without limitation, legal or regulatory proceedings or other matters that affect the timing or ability to complete the Alpha Acquisition as contemplated, the possibility that the Alpha Acquisition will not close due to failure to satisfy the closing conditions, the occurrence of any event, change or circumstance that could give rise to the termination of the Alpha Acquisition agreement, the potential impact to the Company’s or Alpha’s business due to the announcement of the Alpha Acquisition, the risk that the business of Alpha will not be integrated successfully and the factors discussed in the “Risk Factors” section of the Company’s Annual Report on Form 10-K for the year ended December 31, 2015, as the same may be updated from time to time in our subsequent filings with the Securities and Exchange Commission. Any forward-looking statement made by the Company in this press release speaks only as of the date hereof. New risks and uncertainties arise from time to time, and it is impossible for the Company to predict these events or how they may affect it. The Company has no obligation, and does not intend, to update any forward-looking statements after the date hereof, except as required by federal securities laws.

Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with U.S. generally accepted accounting principles (“GAAP”), this press release contains the non-GAAP financial measures of Adjusted EBITDA and Adjusted Net Income. The reasons for the use of Adjusted EBITDA and Adjusted Net Income, and reconciliations of Adjusted EBITDA and Adjusted Net Income to the most directly comparable GAAP measures and other information relating to Adjusted EBITDA and Adjusted Net Income are included below following the unaudited condensed consolidated financial statements.

Reconciliation of Non-GAAP Financial Measures

Adjusted EBITDA and Adjusted Net Income measure performance by adjusting EBITDA and GAAP net income attributable to common stockholders, respectively, for certain income or expense items that are not considered part of our core operations. We believe that the presentation of these measures provides useful information to investors regarding our results of operations because it assists both investors and us in analyzing and benchmarking the performance and value of our business.

We believe the Adjusted EBITDA measure is useful to investors and us as a measure of comparative operating performance from period to period as it measures our changes in pricing decisions, cost controls and other factors that impact operating performance, and removes the effect of our capital structure (primarily interest expense), asset base (primarily depreciation and amortization), items outside our control (primarily income taxes) and the volatility related to the timing and extent of other activities such as asset impairments and non-core income and expenses. Accordingly, we believe that this measure is useful for comparing general operating performance from period to period. In addition, we use various EBITDA-based measures in determining the achievement of awards under certain of our incentive compensation programs. Other companies may define Adjusted EBITDA differently and, as a result, our measure may not be directly comparable to measures of other companies. In addition, Adjusted EBITDA may be defined differently for purposes of covenants contained in our revolving credit facility or any future facility.

Although we use the Adjusted EBITDA measure to assess the performance of our business, the use of the measure is limited because it does not include certain material expenses, such as interest and taxes, necessary to operate our business. Adjusted EBITDA should be considered in addition to, and not as a substitute for, GAAP net income as a measure of performance. Our presentation of this measure should not be construed as an indication that our future results will be unaffected by unusual or non-recurring items. This measure has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Because of these limitations, this measure is not intended as an alternative to net income as an indicator of our operating performance, as an alternative to any other measure of performance in conformity with GAAP or as an alternative to cash flow (used in) provided by operating activities as a measure of liquidity. You should therefore not place undue reliance on this measure or ratios calculated using this measure.

We also believe the Adjusted Net Income measure is useful to investors and us as a measure of comparative operating performance from period to period as it measures our changes in pricing decisions, cost controls and other factors that impact operating performance, and removes the effect of certain non-core items such as discontinued operations, acquisition related expenses, the tax impact of these certain non-core items, and the volatility related to the timing and extent of other activities such as asset impairments and non-core income and expenses. Accordingly, we believe that this measure is useful for comparing general operating performance from period to period. Other companies may define Adjusted Net Income differently and, as a result, our measure may not be directly comparable to measures of other companies. In addition, Adjusted Net Income may be defined differently for purposes of covenants contained in our revolving credit facility or any future facility.

The table below reconciles Adjusted Net Income to the most directly comparable GAAP financial measure, net income attributable to common shareholders, for the periods presented therein.
